About the Contributors	ix
Foreword by Charles E. Mullins	xv
Preface	xvii
Acknowledgments	xix

■ Part I: Anatomy, Pathophysiology, and Natural History

- 1. Anatomy of the Atrial Septum 3**
Akash R. Patel, Lisa C. A. D'Alessandro, and Paul M. Weinberg
- 2. Natural and Unnatural History of a Secundum ASD 17**
Gregory A. Fleming, Thomas Doyle, and Thomas P. Graham Jr.
- 3. ASDs: Clinical Perspectives 27**
Wail Alkashkari and Ziyad M. Hijazi
- 4. Historical Perspectives on ASD Device Closure 37**
Terry Dean King and Noel L. Mills
- 5. PFO Closure for Prevention of Recurrent Stroke and TIA 65**
Ted Feldman

6. **PFO Closure and Migraines** 73
Jonathan Tobis and Swarnendra Verma

■ Part II: Imaging and Assessment

7. **Imaging to Guide ASD and PFO Closure: TTE and TEE** 97
Sinai C. Zyblewski and Girish S. Shirali
8. **Imaging to Guide ASD and PFO Closure: Intracardiac Echocardiography** 111
Mustafa H. Abdullah Al-Qbandi, Qi-Ling Cao, and Ziyad M. Hijazi
9. **CT Evaluation of the Interatrial Septum in ASDs** 125
Robert A. Quaife and John D. Carroll
10. **Cardiac Magnetic Resonance Assessment of ASDs and PFOs:
Relation to Device Closure, Pre and Post** 139
Mark A. Fogel

■ Part III: Procedure Techniques

11. **Establishing a Program in Structural Heart Disease Interventional Therapies** 159
Ted Feldman and Ziyad M. Hijazi
12. **How to Close Simple ASDs** 167
Matthew Egan and Ralf J. Holzer
13. **Device Closure of Difficult ASDs** 177
Mustafa H. Abdullah Al-Qbandi and Ziyad M. Hijazi
14. **Device Closure of ASDs in Small Children** 197
Mustafa H. Abdullah Al-Qbandi and Ziyad M. Hijazi
15. **Device Closure of ASDs and PFOs in the Elderly:
Hemodynamic Assessment** 205
Mehmet Cilingiroglu and Ted Feldman
16. **Closure of ASDs with Pulmonary Hypertension:
Assessing Operability** 213
Sara M. Trucco and William E. Hellenbrand
17. **Device Closure of ASDs in Patients with R-L Shunt** 229
Anas Salkini and John W. Moore

18. **Device Closure of Fenestrations Post Fontan Operation** 243
Mustafa H. Abdullah Al-Qbandi and Ziyad M. Hijazi
19. **Unusual Vascular Access to Close ASDs and PFOs** 251
Larry A. Latson
20. **Transcatheter ASD Closure without Fluoroscopy** 257
Peter Ewert and Felix Berger
21. **New Minimally Invasive Techniques for Surgical Closure of ASDs and PFOs** 263
Nikolay V. Vasilyev and Pedro J. del Nido
22. **Complications of Device Closure of ASDs and PFOs** 271
Zahid Amin
23. **Nightmare Cases in the Cardiac Catheterization Laboratory during Percutaneous Closure of ASDs** 283
Mustafa H. Abdullah Al-Qbandi, Tarek S. Momenah, and Ziyad M. Hijazi
24. **My Worst Nightmare Cases of PFO Closure** 293
Tina Lehr, Sonya Joy, Kristina Renkhoff, Nina Wunderlich, and Horst Sievert

■ Part IV: Devices

25. **Engineering Aspects of Metallic and Bioabsorbable Devices** 305
Carol A. Devellian, Stephanie M. Kladakis, Steven W. Opolski, and John A. Wright Jr.
26. **The AMPLATZER Devices for ASDs and PFOs** 351
Trong-Phi Lê and Horst Sievert
27. **The GORE HELEX Septal Occluder** 355
Ted Feldman
28. **The Occlutech Flex Devices for ASD and PFO Closure** 371
Nicolas Majunke, Nina Wunderlich, and Horst Sievert
29. **Transcatheter Patch Device** 373
Basilios E. Sideris, John D. Coulson, and Eleftherios B. Sideris
30. **The CardioSEAL/STARFlex Family of Devices for Closure of Atrial-Level Defects** 383
Paul Kramer

31. **Bioabsorbable Devices: The BioSTAR and BioTREK for ASDs and PFOs** 401
Ryan Ko and Michael J. Mullen
 32. **Cardia Devices** 407
Daniel R. Turner and Thomas J. Forbes
 33. **The Solysafe Septal Occluder for the Closure of ASDs and PFOs** 417
Peter Ewert
 34. **The pfm Device for ASD Closure** 423
Miguel Granja and Franz Freudenthal
 35. **The Coherex FlatStent** 431
Olaf Franzen and Stephan Baldus
 36. **The St. Jude Medical Premere Device for PFO Closure** 439
Jennifer Franke, Stefan Bertog, and Horst Sievert
- Index 443
